INDIAN GROUND CALCIUM CARBONATE RANGE

We have a wide range of Indian Ground Calcium Carbonate. Uncontaminated. In India we have multiple types of Mineral Limestone deposits having unique properties. We make available almost the best calcium carbonate with high end machinery under regular quality control measurements.

PP FILLER MASTERBATCH

Following the concept of "MAKE IN INDIA" the filler masterbatch is made by the best quality coated Indian ground calcium carbonate available in India. This filler has shown perfect results for making all products i.e., non-woven fabric, woven fabric, injection moulding etc.

Stall Size : 36SQM

SIDWIN
NON WOVEN FABRIC

A vertical white pillar with a blue SIDWIN logo at the top. Below the logo, the text "SIDWIN NON WOVEN FABRIC" is displayed. The pillar features a glass display case containing a womannequin wearing a patterned top and dark pants. At the base of the pillar is a planter box with several green plants.

SIDWIN
NON WOVEN FABRIC

A large, white, rounded rectangular banner with a blue border, featuring the SIDWIN logo and text. It is suspended from the ceiling of the exhibition hall.

The main exhibition area features a white reception desk with the SIDWIN logo and text. Behind the desk, there are several display cases and a seating area with white chairs and a glass table. The background wall is decorated with colorful panels, including one labeled "MEDICAL INDUSTRY" and another labeled "PACKAGING CATEGORY". To the right, there are shelves displaying rolls of fabric in various colors (yellow, purple, green).
